

## ADMINISTRATIVE - INTERNAL USE ONLY

PRINTING AND PHOTOGRAPHY DIVISION  
WEEKLY REPORT FOR PERIOD ENDING  
13 October - 19 October 1983I. Items or Events of Major Interest that have Occurred During the Preceding Week

A. State Department Counter Memorial: State Department personnel have submitted a third printing support request to produce a final brief for the Gulf of Maine Counter Memorial. This edition will not be as large as those produced in the past. It appears that it will encompass approximately 300 pages and 40 graphics. Deadline for delivery is 12 December.

B. NPIC Training Support: As of 17 October, the Chief of the Micrographic Section/Dissemination Control Branch/NPIC has been assigned to Printing & Photography Division, Photography Branch for 30 days of cross training.

C. OCR Demonstration: On October 13, members of the Printing and Photography Division, Prepress Branch attended a demonstration of the low cost Dest Optical Character Reader. The primary concern with this device is the ability to interface with existing Atex equipment. This capability was successfully demonstrated at the recent meeting.

D. Gutenberg International Trade Show: In order to take advantage of a locally held printing exhibition, upwards of 20 P&PD employees will be attending the Gutenberg printing show held at the Washington, D.C. Convention Center. Attendance at the show, which will be held 20 - 23 October, will range from half day sessions at the exhibit area to several day attendance at printing seminars.

II. Significant Events Anticipated During the Coming Week
